

Mailing Solutions

Tuesday, 06 March 2007

At Mediamailing, we have a wide range of "off the shelf - ready made" mailing solutions, designed for superior protection & save you time & money.

Mediamailing

mailers have been developed with online and mail order retailers very much in mind. From CD, DVD, Computer game and Vinyl Record mailers, to a range of varying sized book wraps, we cover all your mailing needs. All our own Wrapro branded READY MADE packs are designed to keep your products safe in transit to your customers but also easy to assemble and seal. If you require something more bespoke for mailing your product, we also offer a 'Bespoke Design Work' service.

{product_snapshot:id=17,false,false,true,right}Vinyl Record Mailers : The Ultimate Vinyl Record Packaging The Wrapro Vinyl Record Mailer is made from high strength corrugated cardboard, and designed to give superior protection when packaging records for the post.

The universal design allows for packing between 1 to approximately 12 Vinyl Records, with handy creases to allow for folding in the right place.

No need for extra packaging or stiffeners, this record mailer does it all.

{product_snapshot:id=20,false,false,true,left}CD Postal Mailers : Superior Multi Depth CD PackagingThe Wrapro CD Multi Mailer has been designed to give superior protection to your CDs and CD-ROMs in the post.

The universal design of the Wrapro CD mailer allows for 1 to 5 regular cased CDs or up to 10 slim cased CDs. The ideal choice for the busy mail order music or game retailer who may often need to send more than 1 item to a customer at a time & needs a tough and reliable CD mailer

The buffered end zones provide superior protection against drops and impacts, ensuring the contents is safe at all times.

{product_snapshot:id=23,false,false,true,right}DVD Postal Mailers : Packaging for DVDs, Xbox and PS2 GamesAll Wrapro DVD Multi Mailer packaging is made from high quality corrugated cardboard, and designed to give superior protection to your DVDs, Console Games or PC Games in transit. This universal packaging allows for between 1 to 4 DVDs to be packed. With handy creases to allow for folding in the right place, packing the DVD mailer is very simple.

The professional choice for those who may often need to send more than 1 item to a customer at a time & needs a tough and reliable DVD mailer

Gone

are the days when a "Padded Mailer" will do, as more often than not, padded mailers are less secure and less friendly to the environment.

Our

customers are always safe in the knowledge that the packaging they buy from us, is designed for the job, and lets their customers know they care about their products.

{product_snapshot:id=49,false,false,true,left}Book Packaging Mailers : Superior Multi Depth Book PackagingMediamailing Wrapro Book Mailers provide maximum protection for your books in the post and give your parcels the professional edge. Based around ever popular Wrapro Style Mailer, each pack simply folds around the book and is sealed by its own extra strong self adhesive strip. No extra packaging or taping required!
Each mailer is multi-depth to fit correctly around your books, and with the extra strong buffer zone ends, protection is second to none. Currently the Book Mailer range covers 3 sizes, download our handy guide here which will help you select the right size packaging.

In our Wrapro mailer range Mediamailing cover a number of different options, including CD, DVD, Computer Game, Record and Book mailers. We keep all these items in stock, so if you need effective, innovative mailers fast, look no further.

“Give your product the packaging it deserves”
