

Packaging assembly in full video

Monday, 12 April 2004

As an addition to our PDF/Paper based assembly guides which accompany all of our outbound orders, we have been looking into furthering our customer service by launching a quick assembly video of each product we sell.

Not only does this give a real-time demonstration on the product and how it is used, it also assists people on how to make our mailers up.

We have 3 videos, in 2 formats, (we prefer the YouTube one as it saves our bandwidth!)..

Wrapro DVD Mailer

Wrapro Record Mailer

Wrapro CD Mailer

Each of our videos are available on our website, as part of promotional pages and support pages.

We also embed videos in our ebay shop listings, being predominantly new products, we are striving to educate and promote at the same time, the more information we can provide at the point of purchase, the better!
